NOTE: UC— These are the number of units that went Under Contract in June 2026. This does not necessarily mean that they will close in Jul or Aug, or at all. They may fall out of contract. UC's are used as an indicator of future activity when compared to the prior year. In general, a rising number of under contracts combined with falling inventory of properties for sale indicates price pressure upwards, and vice versa. However, the data should to be evaluated by specific neighborhoods (Pgs 7 & 9) for more meaningful conclusions.
